

As a not-for-profit organization, we are supported by volunteers who utilize their talents and interests to make a meaningful contribution in the arts & cultural community.

Volunteering is a great way to contribute to our organization while meeting like-minded people, learning new skills, attending events, and becoming involved with the London arts scene. We offer opportunities in many areas including: assisting at performances and special events, bartending, building maintenance, installation of art exhibits, and assisting with theatre setup.

No previous experience is necessary. We are looking for volunteers with an interest and passion for the arts and the local community. Our volunteers are reliable, committed, friendly, possess a positive attitude, and are respectful of our patrons. Scheduling is flexible and you can participate according to your availability.
